

REMARKS:

Claims 1-36 are currently in the application and have been subjected to a restriction requirement.

The Examiner has required Applicant to elect a single invention from among three inventions. Applicant elects the prosecution of Claims 1-27 identified as Group 1 and drawn to the arrangement for the return of object.

The method claims are retained pending the filing of a divisional application covering these claims.

The Examiner's restriction requirement is also traversed to the extent that Claim 35 which depends from Claim 1 may be rejoined in case a claim is found allowable which can properly form the basis for Claim 35.

The remaining method Claims 28-33 and 36 are withdrawn subject to applicant's right to file a divisional application application covering these non-elected claims.

Accordingly, the applicant is believed entitled to examination of Claims 1-27 inclusive.

Favorable action is respectfully requested.
